Duration	One semester
Thematic focus	<p>Agriculture, forestry and fishery, Architecture and town planning, Arts and Humanities, Business administration and management, Communication, Education and Teacher Training, Engineering, Environmental Sciences, Fine and applied arts, Law, Mathematics and computer sciences, Medical and health sciences, Natural sciences, Service, Tourism and Leisure, Social and behavioral sciences, Transport and communication</p>
Deadline	25 th of May annually

Eligibility Requirements	<ul style="list-style-type: none"> • Hold a non-EU/EEA passport and not be eligible for support under studiefinanciering, the Dutch system of study grants and loans (for more information, consult the DUO website). The scholarship office should be notified as soon as possible of any change in nationality, type of residence permit, and/or possible studiefinanciering support throughout the academic year. • proof of English proficiency (IELS/TOEFL) :TOEFL (internet-based) - overall score of 100 (with a minimum score of 22 in each of the different components), IELTS (academic) - overall score of 7.0 (with a minimum score of 7.0 in each of the four components);
Amount	4,000 euros for each student for one semester
List of Documents	<ul style="list-style-type: none"> • The Application Form • Transcript • Letter of Acceptance • Official Class Registration • Final Request for Transfer • Proof of Departure • FINAL PROGRESS REPORT
Link	http://www.aseduo.org/sub_3/default.asp?program=duo_korea

3.3: Amsterdam Merit Scholarships

Country	The Netherlands
Description	Amsterdam Merit Scholarships Scholarships for outstanding students from non-EEA countries pursuing a Master's degree at the UvA
Level	Master's degree
Duration	Selected students receive a scholarship for the official duration of the program they are enrolled in. The scholarship for one-and-a-half or two-year program will only be renewed if the student is making satisfactory progress towards the degree.

Thematic focus	Architecture and town planning, Arts and Humanities, Business administration and management, Communication, Education and Teacher Training, Engineering, Environmental Sciences, Fine and applied arts, Law, Mathematics and computer sciences, Medical and health sciences, Natural sciences, Service, Tourism and Leisure, Social and behavioural sciences, Transport and communication
Deadline	1st March/1st April/1st June (Varies per school- check site) annually

<p>Eligibility requirements</p>	<ul style="list-style-type: none"> • Outstanding students from outside the European Economic Area (holding a non-EEA-nationality) can apply for an Amsterdam Merit Scholarship (AMS). • Candidates must be officially accepted into a full-time degree program at the UvA. • The candidate must not receive a full-coverage scholarship from another organization for the same period of study as the AMS scholarship and must be able to comply with Dutch visa regulations • Hold a non-EU/EEA passport and not be eligible for support under studiefinanciering, the Dutch system of study grants and loans (for more information, visit the DUO website). The scholarship office should be notified as soon as possible of any change in nationality, type of residence permit, and/or possible studiefinanciering support, throughout the academic year. • Be fully admitted to a degree programme at the University of Amsterdam which is registered at the Central Register of Higher Education Programmes (CROHO). • Scholarship continuation is not guaranteed when a candidate changes his or her degree programme. • Be admitted to a Bachelor's or Master's programme at the University of Amsterdam for the first time. AMS will not be awarded to candidates who are admitted for a second Bachelor's or Master's programme at the University of Amsterdam. • Be able to comply with Dutch visa regulations. For more information, see the Dutch Immigration and Naturalisation (IND) website. • Be enrolled at the UvA as a full-time student for the academic year and the programme for which the scholarship is awarded. • The candidate should not be receiving a full coverage scholarship for the same period of study as the AMS scholarship. Notify the UvA if you have been awarded and accepted another full scholarship. • Scholarship continuation for subsequent year(s) of study depends upon satisfactory study progress. Because this depends on the curriculum and the rules and regulations of the department, your programme sets the standard for satisfactory progress, and the time and manner in which progress will be measured. Please be advised that you are expected to gain approximately 80% of credits in any one year.
<p>Amount</p>	<p>€ 6,000 - € 21,000</p>

List of Documents	<ul style="list-style-type: none"> • A description of extracurricular activities such as participation in student committees, international experience, sports or music at a high level or volunteer work; • Curriculum Vitalea • A letter of recommendation by a dean, teacher or academic supervisor; the quality of the letter of motivation (maximum 500 words) in which the candidate explains the reasons for choosing the specific Master's program (broader context, relevance for future career);

6.5: Marie Curie International Incoming Fellowships (IIF) for Developing Countries

Country	Switzerland
Description	Marie Curie International Incoming Fellowships (IIF) for Developing Countries: Top-class researchers from Third Countries are welcome to work on projects in Europe. This helps to develop research cooperation between Europe and other parts of the world – to everybody’s benefit. Marie Curie International Incoming Fellowships are specially designed to encourage these moves.
Level	Masters & PHD
Duration	Financial support is provided for 12-24 months (full-time equivalent).
Thematic focus	All areas of scientific and technological research that are of interest to the EU may be eligible for IIF funding. But there is one exception: research areas covered by the EURATOM Treaty cannot be funded.
Deadline	The deadline for applications is 14 August –annually
Eligibility requirements	<ul style="list-style-type: none"> • Researchers from Third Countries are eligible for an IIF. That means countries that are neither EU Member States nor Associated Countries. • Must have either a doctoral degree or at least 4 years’ full-time equivalent research experience, after obtaining a degree permitting you to embark on a doctorate. But that is the minimum. The more experience you have, the better will be your chances of being accepted for this action. • To qualify for a return phase, you must be from one of the International Cooperation Partner Countries • Our application for an IIF should be made in liaison with the organisation or institution that would be willing to host you in Europe. Host organisations can be universities, research centres or companies.
Amount	Not Included
